Chapter Two...

A VISIT

there is unrest in the room
i feel and i wake up
try to ease the space
make it all ~~quiet~~ again
but there is a massive
unifiable energy
and then i see them
three monsters
standing with us in the
tiny room
we don't mean no harm
didn't want to disturb
just ~~stop~~ stopping by
just visiting
showing them what it is
like
but you wake up the kids
i say
would you mind moving on
for a bit
no worries, they say and
off they go
the heaviness lifts and
~~sometimes~~ stiffness returns
sleep well
we'll be in touch.
